Two GLORY products awarded with important design prize – great success at the
“red dot award: product design 2012”
~CI-10 Compact Cash Recycling System and CI-100 Cash Recycling System~

GLORY LTD. has announced that the CI-10 Compact Cash Recycling System and the CI-100 Cash Recycling System have been awarded with important design prize –“red dot award: product design 2012”.

The red dot design award, coordinated by Germany's Design Zentrum Nordrhein Westfalen, is one of the most prestigious and the oldest design award worldwide and its origins reach back to the 1950s. The award is carried out in three disciplines: the “red dot award: product design”, the “red dot award: communication design” and the “red dot award: design concept”.

The CI-10 and CI-100 have been awarded with the "red dot award: product design 2012". Products are evaluated by an international jury of renowned design experts, which examines and test products according to the criteria such as innovation, functionality, ergonomics, ecology and durability. 1,800 companies from 58 countries applied for this design prize with 4,515 products.

The CI-10 and CI-100, cash recycling system used in supermarkets and other retail stores, are products comprising the CASHINFINITY® (GLORY Retail Solution) system.

- CI-10: compact cash recycling system which accepts cash from and provides change to customers at the checkout.
- CI-100: cash recycling system which reconciles day sales and prepares change fund in the back office.

CASHINFINITY® offers SMART Cash Management solutions that consist of total secure closed cash management, centralized control of cash inventory and optimization of all cash processes throughout a store. CASHINFINITY®'s flexible design and innovation easily meets the needs of any store size, business segments and investment plan.

For more information about the prized products, please visit CASHINFINITY® website.
